Web and Social Media Monthly Update

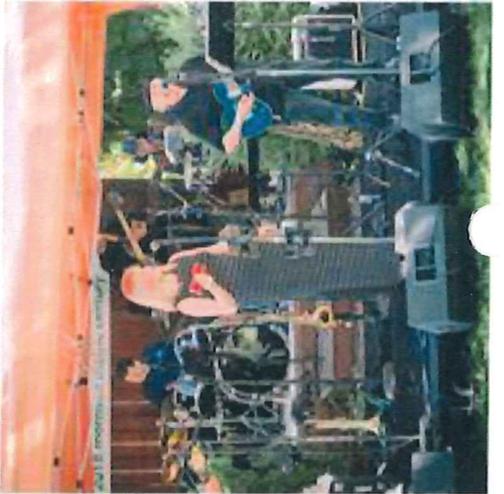

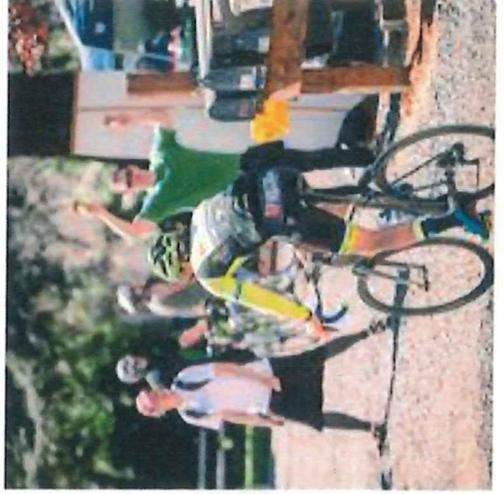

September 2018

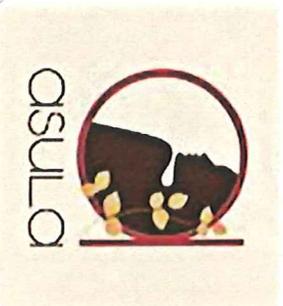

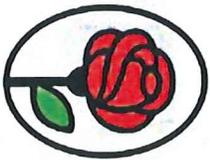

Over the last month I curated thirty days of social media posts for both Facebook and Instagram. I took some time to research the google SEO and how to use it. I won't be able to help do the SEO work for Travel Dundee. Its far more complicated than I thought it was. We were successful in getting our grant turned in on time and will be finding out on October 17th if we will be awarded the grant or not.
