¹Estimated construction costs are based on the work subject to review under the City of Dundee Design Standards. The applicant shall pay actual costs incurred by the City for services related to the development project including, but not limited to plan review, inspection and construction observation, testing, plat review, warranty inspections, etc. to comply with the requirements of the City of Dundee Design Standards. If the City's cost related to the review and issuance of a Type B construction permit exceeds the monies deposited by the applicant, the additional cost shall be billed to the applicant. In no case shall the City issue written approval of the work until all Type B construction permit fees have been paid by the applicant. If the City's cost is less than the deposit amount, the difference shall be refunded to the applicant upon approval of the work by the City Engineer.
